End of Season Presentation Day / Evening.

After a season of great golf it was superb to see so many people playing in the end of season golf competition during the day and attending the subsequent evening event for the prize giving and presentation of awards. Congratulations to all those members who won trophies throughout the year and also to the overall winner of the competition, on the day, Chris Box. There was a great atmosphere in the evening with many members attending, good entertainment and a prize table worth over £2,500 for those who played on the day and attended the evening. A great way to end the season, well done to all. See pictures below.

*Just a date for your diaries, next year's presentation evening will be Saturday 24th October

NORMANTON GOLF CLUB AGM

A disappointingly low turnout attended to hear the Directors give their annual reports, starting with the financial report including the annual accounts.

Chris (Finance Director) announced another year-end deficit once more, emphasising that it isn't sustainable in the longer term. However he expressed more confidence regarding this year's financial position following an excellent golfing season weather wise.

Andy (Greens Director) stated that in his short time of having responsibility for the Course, he had become all too aware (as Andy Hall had told him) of what an influence the weather has on our ability to develop the course as we would like and that although this year has been ideal for playing golf it's been somewhat of a nightmare (lack of rain/water) to maintain the course in the condition that we would like.

Harold (House Director) said that we were in the process of replacing Chris (Chef who left end of September) and also gave thanks to Sarah who was leaving, for all her hard work on the hospitality side of things. Harold listed some of the House improvements that had taken place and stated that other essential improvements would continue this year.

Gary (Membership Director) showed a chart comparing subs with other local Clubs and said the introduction of more flexible membership packages had been a success.

Rich (Marketing Director up to recently) took us through the members survey showing the key outcomes from members views.

Paul (Golf Director) described several golfing initiatives, (particularly competitions) that had been tried throughout the year and said he was always willing to listen to any member ideas put forward.

Colin (recently appointed Governance Director) mentioned certain Governance issues that had been addressed so far, together with other ones still to address this/next year.

Note – For those interested in greater detail, the Presentation slides will shortly be made available in the documents folder via the 'Members Hub'

To top it all"WE DID IT"

I challenged us to reach the milestone of £10K donated to The Alzheimer's Society on Saturday at our presentation competition and awards ceremony. I am thrilled to announce that "we did it". In fact our Normanton Golfing Family, along with friends and family smashed the target.

We needed almost £600 to reach the target but instead we raised just over £1000.

£87 was raised at the 10th Charity Hole with Janet West winning a bottle of spirits and a box of Callaway Golf balls, having hit her ball within 70cms. Almost £700 was raised from the raffle and £190 from the auction of 4 balls, along with bits and pieces donated such as our professional Richard Law donating £20

This money has been paid direct into my JustGiving page and is therefore available to the society with immediate effect.

The total raised to date is £10,522. I cannot express my gratitude enough, your generosity has truly touched my heart.

As we reached the end of the 2025 season, whilst I cannot promise not to do some other crazy challenge (e.g. Trek26, 72 hole challenge) and ask for your cash, I think your wallets and purses are now a little safer from your captain.

Kind Regards
Emlyn Pickup

Please support your Club as much as possible

A reminder to all members that frequent use of the bars, function rooms and pro shop, are absolutely critical to the future success of NGC and Hatfeild Hall.
